Obiettivo d'Investimento Dichiarato

The Fund's objective is capital appreciation, measured in U.S. dollars. The Investment Manager normally invests the Fund's assets across different asset classes, including an allocation to equity securities and an allocation to debt instruments and cash-equivalents (defined as bank deposits, money market instruments, units of money market funds and reverse repurchase transactions), based on its view of the relative value of different types of securities and/or other market conditions. The Investment Manager expects the Fund's allocations among asset classes will normally fall within the following ranges: 50% to 90% in equity securities, and 10% to 50% in debt instruments and cash-equivalents. However, the Fund may invest outside of these...
