### Obiettivo d'Investimento Dichiarato

The Fund aims to achieve a positive total return over a market cycle. The Fund seeks to achieve its objective by gaining exposure primarily to a flexible allocation of equities and debt securities globally, which meet the Fund's environmental, social and governance (ESG) criteria with a particular focus on environmental issues. The Fund's ESG criteria will be based on a set of screening thresholds (as outlined below and more fully described in the Fund's sustainability-related disclosures) determined by the Investment Manager from time to time. These criteria will be reviewed and applied on an ongoing basis and integrated as part of the quantitative investment process for stock and bond selection as well as portfolio construction.
