Obiettivo d'Investimento Dichiarato

The Sub-fund's investment objective is to achieve medium and long-term capital growth. The Sub-fund aims to achieve its investment objective by actively managing a portfolio of equity and equity-related securities issued by European companies, and debt securities issued by European governments, supranational institutions and/or governmental authorities and/or European companies. Exposure to equities and debt securities is actively managed and depends on, among other factors, the overall valuation of the equity markets. The lower and more opportunistic the assessment of the overall value of equity markets, the higher the net exposure of the Sub-fund to equities, and vice versa.
